Sebastian L. Nordemann

- Availability of FCPA's affirmative defenses in Latin America and key aspects to take into account in lobbying and promotional activities
- How to implement an effective anti-corruption policy: Domestic legal matters to be aware of
- How to secure the legal tools for investigating acts of corruption
- Blowing the whistle: Employees rights and duties with respect to corrupt actions of bosses and co-workers
- What companies can do upon uncovering a corrupt act. What they must do
